

From Framework to Implementation

Between 2024 and mid-2026, Southeast Asia’s six leading digital economies — the SEA-6 — converged on three policy priorities: AI, cybersecurity and data protection, and digital platform regulation. However, their pathways from framework to implementation differed in pace, depth and approach.

Tip!

Shade = Stage

Hue = Topic

Framework

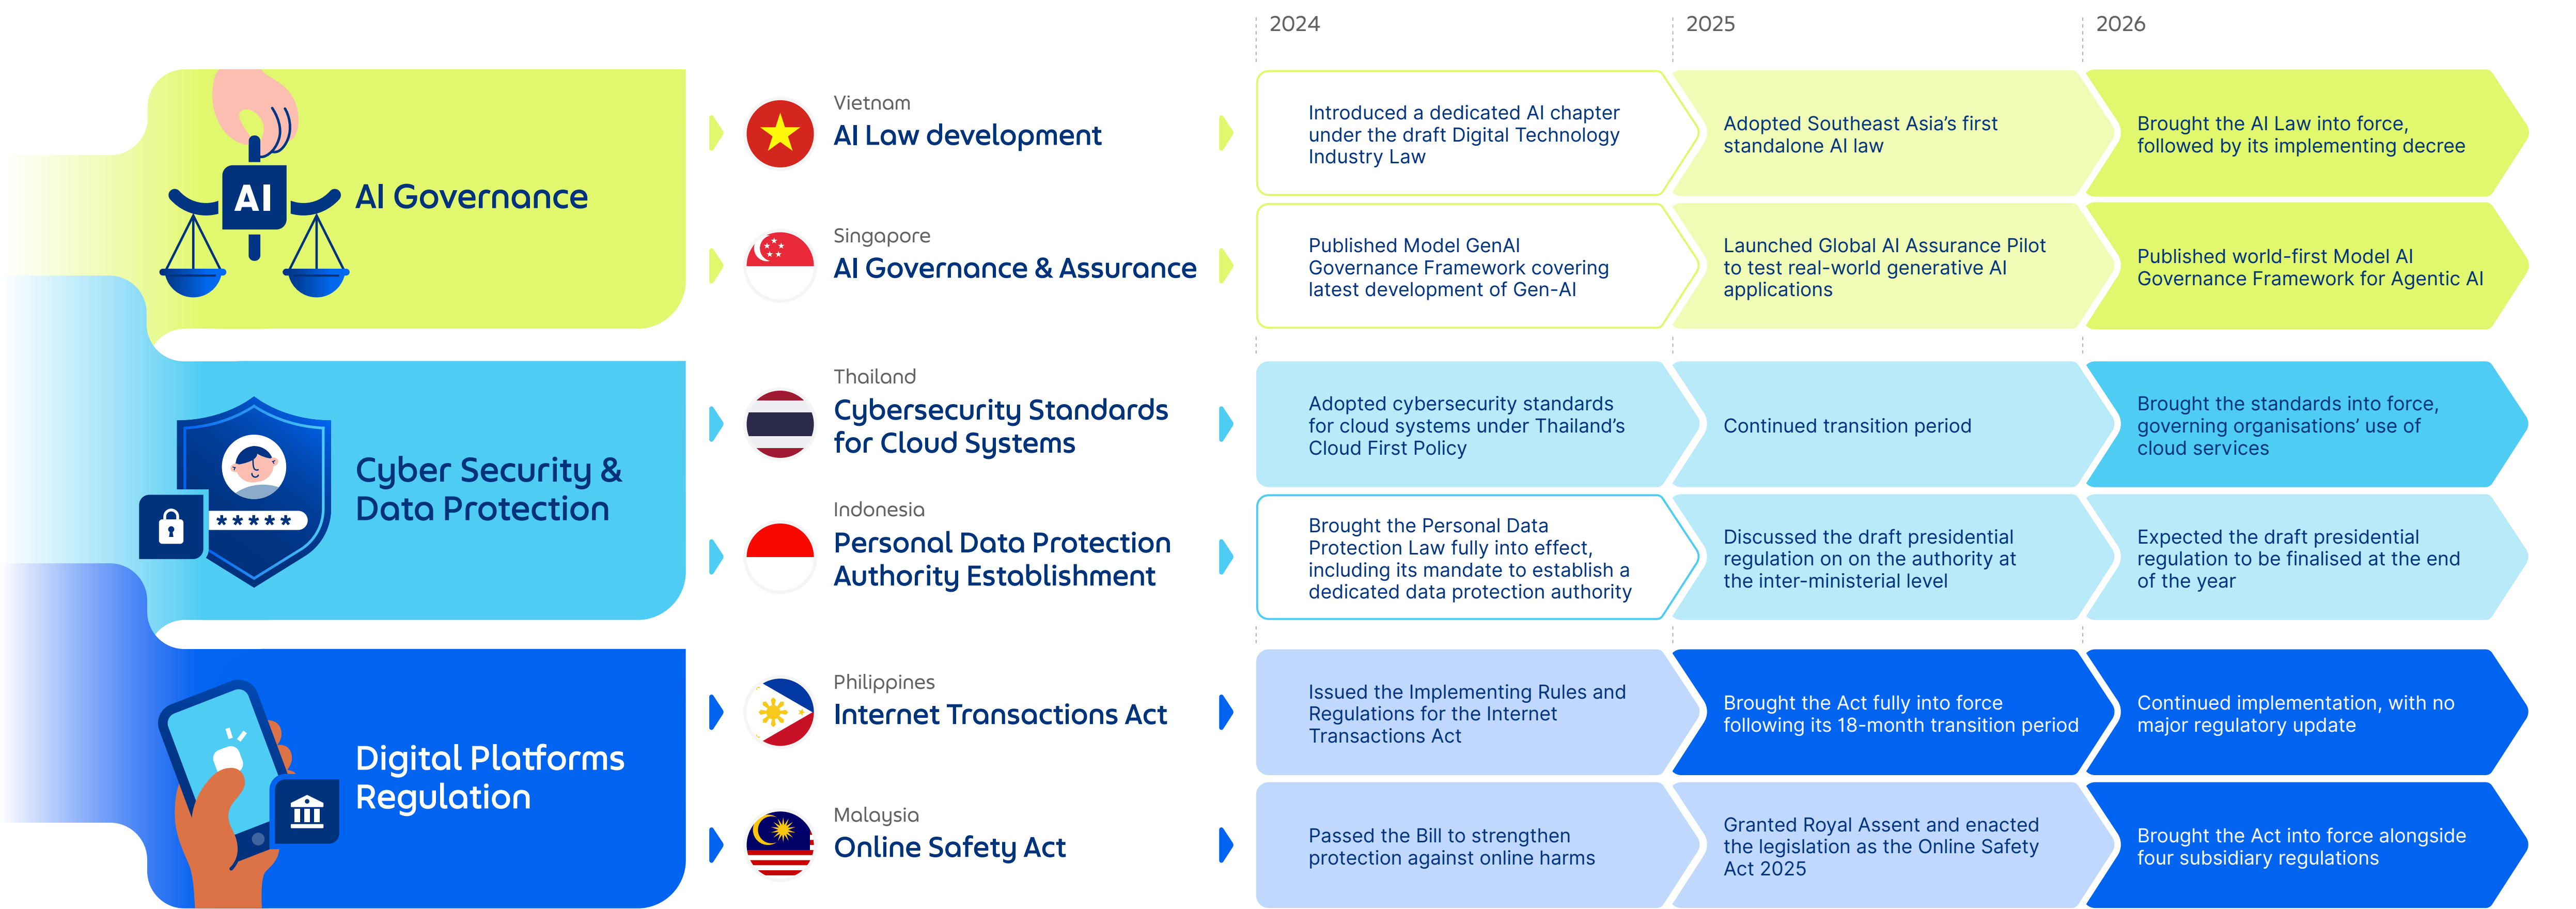

Sets policy direction, principles and proposed rules.

Formalisation

Adopts laws, assigns mandates and establishes governance mechanisms.

Implementation

Applies the rules in practice and updates them as needed.

Note: Data tracked to July 2026. 2026 entries include announced or draft instruments not yet in force.
